

# DE School Aims

## Overview

Australian Christian College - Marsden Park (ACC) is a Christian School. We explain in detail what we mean by this term on our website:

<https://marsdenpark.acc.edu.au/the-school/christian-education.html>

ACC exists to build a “growth mindset” in the lives of our students. Our Principal explains this concept here: <https://marsdenpark.acc.edu.au/index.html>

## Distance Education

ACC is very proud of its distance education campus. We believe that distance education provides us with an opportunity to teach and learn with a diverse cohort from around New South Wales.

We are very proud of our students and we celebrate their achievements and their accomplishments (no matter how small).

## Our Aims:

1. To live out the vision and values of ACC.
2. To provide a great learning experience using the best technology that we can find.
3. To be constantly improving and reflecting on our effectiveness.
4. To encourage our students to love the learning process and to develop a growth mindset.
5. To encourage our students to be a positive influence in our online school and in their local community.
