

# Principal's Welcome

Hello, I'm Paulie Kwok, principal here at Australian Christian College, Marsden Park. I'm so thankful for the opportunity to work with students and parents across New South Wales through our Distance Education Program. I believe Distance Education is one of the best kept secrets on the Australian educational landscape. Very simply, distance education is your op to engage in a traditional school experience from your home, the golf course, or the dance studio. If you're like me you can remember a time before the internet I think you'll be amazed at what we're able to do and we're continually pushing the boundaries looking for the best opportunities for our students.

Over the past few years we've been making exciting improvements to our Distance Education Program. We want every student in our school to see the love of Jesus through our lives and to grow into their potential. If Distance Education can play a part in your story we'd love to meet you and welcome you into our virtual learning community.
